

The Work and Learning Network Seminar Series 2013

Title: Graduate Student Poster Presentations on Research in Work and Learning
Date: **Wednesday, March 13, 2013**
Time: 4:30 – 5:30 pm
Location: Education Building **SOUTH** Room 122 ♦ University of Alberta

Seminar Description:

This session will showcase research posters on topics related to work and learning produced by graduate students in *EDPS 545: Learning and the Workplace*. Students will briefly introduce their topics and then participants will break into small groups for discussion by students' posters.

Topics will include: Creating expansive learning environments for student practicums in health professions; Communities of practice for teachers and apprentices; Post-secondary student internships; Learning culture and learning organizations in post-secondary education; & Induction/hazing/initiation in the workplace.
